Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than a half a million such women have found a perfect and permanent cure for their diseased condition in the use of Doctor Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine," so perfectly does it restore them to health and comeliness.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

Don't be hypnotized, or over persuaded, into accepting a substitute. This medicine has a record that's worth far more than any difference in price.

Sick and ailing women are invited to consult Dr. Pierce, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questionings, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol

Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

DISORDERS IN RUSSIA.

During the progress in Kishenef yesday of a funeral procession of Jewish workmen following the body of a poor woman who had been killed by roughs, shots was suddenly heard and the procession was charged by troops and police. Many of the workmen were wounded, and fifty of them were arrested. Several are missing and are supposed to have been killed.

The officers declined to give any explanation of the cause of the occurrence, and refused to allow sympathizers with wounded men to accompany them to the hospitals.

The Jewish hospital is surrounded by soldiers and patrols are stationed at central points in the town. Great alarm prevails.

Advices from Baku say that firing again commenced Sunday, the Tartars attacking the troops with great desperation. Thus far the killed or wounded, according to these advices, exceed a hundred. Prince Nisheradzee was wounded.

A private dispatch from Baku, Caucasia, reports sanguinary encounters between troops and the Armenian employes of the street railroads whose positions had been taken by soldiers. The disorders commenced at about 5 p. m. September 2, the Armenians firing first on the soldiers on board the cars.

Eight Mussulmans, three Armenians, and one Russian were killed. The encounters continued until 1 o'clock the next morning. During the evening of September 3 firing recommenced, but no casualties were reported.

Dispatches received by the ministry of the interior estimate that fifty persons were killed during the fighting September 2, with a relatively large number wounded, the majority of whom are Tartars. No official accounts of Sunday's casualties nor of the events of yesterday have been received, but private dispatches report that corpses are lying about the streets, and that incendiary fires have already destroyed 151 buildings, and are still in progress.

Both factions, after the former disorders, supplied themselves fully with arms and they are now almost as well equipped for street fighting as the troops. The situation, not only at Baku, but also throughout the Caucasus, has been exceedingly tense for weeks. The disorders at Shusha had just ceased when the street car strike at Baku furnished the occasion for another outbreak.

A dispatch to the London Exchange Telegraph Company from St. Petersburg says that the reports from the Caucasus are exceedingly meager, but it is said that thousands of people were killed and wounded in the recent disturbances. The viceroy of the Caucasus telegraphs that he is unable to cope with the revolt.

Murdered a Baby.

Gustave Dinser, a New York plumber, killed the baby daughter of his common-law wife, Agnes Renaud, early yesterday morning, probably by dashing its head against a wall. The couple tried to cover up the crime by hiding the body in the dark hall of a tenement house on Eleventh avenue. Later in the day they were caught in their flat in west Forty-fifth street, and arrested, charged with the murder. Three little daughters of Dinser saw the murder.

Dinser was left a widower a year ago. He had three children on his hands. He was neglecting them, when the Gerry Society arrested him, took charge of the children and refused to give them back until he got some woman to take care of them. A few months ago he took up with the Renaud woman, who had one child, Gertrude by name, whose father, she says, is one Thomas Hyland. The couple settled down in the flat on the top floor on west Forty-fifth street. They quarreled a good deal, and the neighbors gathered that he objected to the child of the Renaud woman. She is a small and rather pretty French woman; he a rather clean-cut and prepossessing young man on first sight.

It was only a week ago that the neighbors heard the couple having it out on the street. He was reproaching her with the birth of her baby Gertrude and threatening to throw them both "out of the window."

Sunday night Dinser came home with a little liquor in him. They went at it, quarreling on the stairs, in the hall, on the street. A little before midnight he went out and had a drink or two. It was just after his return that a fierce rally was heard on the fire-escape. He was howling: "I'll throw the——into the street.

She was heard to answer: "Please don't. I'll send her away in the morning."

The Renaud woman upon being arrested said. "He did it—killed my baby with his fists." They got her story out of her piecemeal. He had always objected to the baby, because it was illegitimate and was not his. He had come home in a bad humor and had threatened to hurt it. She had tried to take the baby away, and he had grabbed it up and beaten it until it died.

Incredible Brutality.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

Mothers Are Helped
THEIR HEALTH RESTORED

Happiness of Thousands of Homes Due to Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's Advice.

A devoted mother seems to listen to every call of duty excepting the supreme one that tells her to guard her health, and before she realizes it some derangement of the female organs has manifested itself, and nervousness and irritability take the place of happiness and amiability.

Tired, nervous and irritable, the mother is unfit to care for her children, and her condition ruins the child's disposition and reacts upon herself.

The mother should not be blamed, as she no doubt is suffering with backache, headache, bearing-down pains or displacement, making life a burden.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for this condition. It strengthens the female organs and permanently cures all displacements and irregularities.

Such testimony as the following should convince women of its value:

Dear Mrs. Pinkham:

"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I suffered for eight years with ovarian troubles. I was nervous, tired and irritable, and it did not seem as though I could stand it any longer, as I had five children to care for. Lydia E. Pinkham's Vegetable Compound was recommended and it has entirely cured me. I cannot thank you enough for your letter of advice and for what Lydia E. Pinkham's Vegetable Compound has done for me.—Mrs. Ph. Hoffman, 100 Himrod Street, Brooklyn, N. Y."

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

Numerous and Worthless.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, SEP. 5, 1905.

WHILE the envoys at Portsmouth have virtually declared peace between Russia and Japan, the world at large seems to be restless. The Japanese army, it seems, is not anxious for peace and is in a bellicose condition yet. This is a sad phase in the relations between the two countries, and the officials are naturally apprehensive at the outcome. Should the Mikado's troops strike a serious blow at this time the effects would be far-reaching. Aside from this serious menace to peace, dispatches from portions of Russia show conditions in that empire to be far from pacific. Rioting, bloodshed and incendiarism are still in evidence, and many believe numbers of such acts are never heard of outside of the Czar's realms. Chronic troubles exist in the Balkans and Turkish rebels are active. Affairs in Spain are attracting attention. Thousands are said to be on the verge of starvation and bomb-throwing and rioting is a common occurrence. Another uprising in China is reported, while the newspapers of our own country teem with accounts of brutal murders and the doings of modern bluebeards. We are also told that strikes on a large scale are contemplated in the near future. It is said that 150,000 miners are preparing to quit work. There is no telling what a few months may bring forth.

PRESIDENT ROOSEVELT has announced the appointment of Robert Bacon, of New York, to succeed Francis B. Loomis as Assistant Secretary of State. This announcement, coming as it does before the official statement that Mr. Loomis has resigned, is naturally regarded as a rebuke to Mr. Loomis, whose name has been mixed up in the Venezuela asphalt trust scandal and whose personal connection with commercial matters has brought the diplomatic service of the government into disrepute. Mr. Loomis's last year in the State Department has been one of much trouble. He was charged by Herbert W. Bowen, former Minister to Venezuela, with having been in the pay of the asphalt trust while himself Minister to Caracas. He was exonerated from this charge; but in his report to the President, Secretary of War Taft declared that Mr. Loomis had allowed his personal business and his public duties to become so intertwined that his discretion and judgment had been severely reflected upon. Since then the publication of his connection with the Orinoco Company, of Venezuela, while he was Minister to that country, has served to further discredit his. He should "go" and the talk of him being appointed Minister to Brazil should stop at once.

ONE OF the most notable features of the iron industry is the increasing size of the blast furnaces. The relation between this and the reduced cost of production is obvious enough. The Bulletin of the American Iron and Steel Association shows the abandonment during the first half of the year of seven furnaces of an average capacity of a little more than 25,000 tons a year and the addition to the active list of seven furnaces whose average capacity is nearly 130,000 tons. But these are far smaller than many of the furnaces built in recent years.

REV. GEORGE B. WIGHT, State Commissioner of Charities and Corrections of New Jersey, proposes that when a man of family is imprisoned "the work that he does in the institution might go for the support of his family, which otherwise would have to be sent to the almshouse and supported by the public." The proposition is an excellent one and should be adopted.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, D. C., Sept. 5.

Public Printer Palmer and Foreman Ricketts of the Government Printing Office were notified this morning from Oyster Bay that the President had turned over all the papers in connection with the attempted removal by the public printer of Ricketts and Foreman Hay to the special commission, which recently investigated the award of contract for the purchase of Lanston monotype machines for the printery. While Mr. Palmer declines to see a single representative of the press, it is believed that he will take no action looking toward the removal of the two foremen who refused to resign when requested. Ricketts was at the office attending to his duties early this morning and during the afternoon an assistant was acting for him. His friends say that he will return to his desk during the afternoon, despite the fact that Palmer had set today noon as the time to remove him. Hay has been in New York since Saturday night, but is expected back this afternoon. His duties are being performed by a substitute and apparently the Public Printer has made no effort to fill either his place, or that of Ricketts. Everything was apparently ready this morning to remove the two men. The word from Oyster Bay stopped it. The Public Printer had forwarded to the foremen detailed specifications of the alleged insubordination for which he had requested their resignations. This he did to bring his action in harmony with the requirements of the civil service. Ricketts made reply and the next move was up to Palmer. Assistant Secretary of the Treasury Charles H. Keep, chairman of the commission, is spending his vacation in the Adirondacks. The only member of the commission in the city is acting Postmaster General Hitchcock. He has not received any notification that the commission is to take up the matter. It is believed the papers will be sent to Chairman Keep.

The War Department this morning made public the annual report of Brigadier General Carr, commanding the Department of Dakota. He calls attention to the fact that desertions in his command alone during the past year aggregated 298, or nearly twelve per cent of the average strength of his command. In this connection he says: "Perhaps the most potent factor in causing desertions is the regard in which an enlistment in the army is held by the average American citizen. I believe that in time of peace most of our people look on an enlistment as a contract merely, and desertion as nothing more grave than a breach of contract. A more severe punishment for the crime, for such it is, and an inflexible policy of not condoning the offense in any way, might possibly cause our people to view the subject in a different light." General Carr recommends that Fort Yellowstone, in the Yellowstone National Park, be made a four troop post.

May Wood, the former postoffice department clerk whose name figured in some proposed litigation against Senator Thomas C. Platt, of New York, prior to the latter's marriage, has filed charges with the State Department against certain officials. According to Miss Wood's intention, announced in Omaha, she had in mind charges again Robert J. Wynne, now Consul General at London, and J. Martin Miller, appointed consul at Aix-la Chapelle, Germany, who is now in this country owing to difficulties about his exequatur, which Germany is withholding because of anti-German sentiments expressed in some of Mr. Miller's writings. Reticence is observed by the State Department officials about the May Wood business, but it is admitted that some inquiry is being conducted. The charges were filed over a month ago. Their nature will not at present be disclosed. Miss Wood in public utterances has accused Secretary Loeb, Mr. Miller and to some extent Mr. Wynne with having obtained from her certain letters which she proposed to publish in book form under the name title "Love Letters of a Boss." Miss Wood's counsel made strenuous efforts to serve papers in a civil suit on Mr. Loeb on his last two trips west, but each time he missed passing through Omaha.

Chairman Shonts of the Isthmian Canal Commision is most desirous that the general public be informed in the manner desired by the commission, of what is being done in the way of digging the canal through the Isthmus of Panama. For this reason, as announced by him today, he has appointed Mr. Joseph Buckland Bishop, of New York, "Executive Secretary of Canal Commission," and says that Mr. Bishop "will have charge of the publicy and literary branch of the commission's work."

The Insular Bureau has received from Manila news of the death of Vernon H. Taylor, medical inspector of the Philippine constabulary, who was drowned several days ago in the Province of Tarlac. His home was in Load, Greenock county, Ky.

Man and Wife Poisoned.

George W. Arnold, a well-known Lynchburg merchant, and his wife are lying dead at their home in that city, probably poisoned. Mrs. Arnold died Sunday night, and Mr. Arnold breathed his last a few minutes after he was discovered yesterday morning. Arnold, it is said, had been drinking for several days, and the general theory is that, confused by his condition, he gave his wife, who was ill, the wrong medicine, and on seeing the mistake, took poison himself. A bottle of bedbug poison was found on the table in the room. Mrs. Arnold was seen by a doctor Sunday afternoon, and no one else saw either of them until they were found early yesterday morning. The woman lay on the bed in her underclothes, while the man was on the floor by the side of the bed fully dressed. Their boy, about three years old, was wandering in the street, when a neighbor, hearing groans issuing from the house, started to make an investigation.

Japanese Still Warlike.

According to a dispatch from Lidziapudze, Manchuria, the Japanese army in Maechuria was reported yesterday afternoon to be preparing for battle.

The same correspondent says the Japanese soldiers are dissatisfied with the peace agreement.

The bellicose attitude of the Japanese is startling, when taken in consideration with the fact that the peace treaty is to be signed at 3 o'clock this afternoon at Portsmouth.

General Linevitch reports encounters with the Japanese in Korea as late as September 1, when the Russians repulsed attacks by large Japanese artillery forces.

There may be serious complications should an engagement of any importance occur before the treaty is signed as the armistice does not go into effect until afterward. The Japanese insisted upon this course.

Uprising in China.

Advices received at Victoria, B. C., from Peking by the steamer Athenian yesterday say that the uprising of the Kalohus, an organization similar to the Boxers, is assuming serious proportions in southern Shansi. The insurgents have burned many government offices and yamens. Imperial troops, several thousand strong, were sent on August 16 to put down the insurrection, but were repulsed by the rioters. Several high officials have been killed in Tiayuanfu, and it is reported several missionaries have been killed. Foreigners are taking refuge in government yamens. Further details received of the uprising against the Roman Catholic missionaries in Yunnan show it to be more serious than previously reported. Not only were churches destroyed and looted and sacred vessels carried away, but in many regions French priests were tortured and killed.

President Roosevelt yesterday announced the appointment of Robert Bacon of New York, to succeed Francis B. Loomis as Assistant Secretary of State. According to Secretary Loeb, the appointment was decided upon sometime ago before Secretary Root left for his Labrador trip.

The divorce petition of James B. Duke was released in the office of the Clerk of Chancery in Trenton, N. J., yesterday. Mr. Duke's bill is brief, setting forth merely the bare statutory grounds on which he seeks a separation; namely, the alleged intimacy of Mrs. Duke with Frank T. Huntoon, of New York. Mr. and Mrs. Duke were married at Camden, N. J., on November 29, 1904. They have no children.

A dispatch from Tangier, Morocco, says that the French ultimatum fixes a time-limit expiring September 5. If the French legation withdraws it is expected that the British minister, who fully supports the French demands, will also withdraw. A popular outbreak is anticipated if France makes a naval or military demonstration. A feeling of panic prevails and most of the stores are closed, owing to conflicts in the suburbs between the followers of Raisuli and other tribesmen.

Paris is stirred by the discovery that the Shah of Persia, during his recent visit to the French capital, employed agents to lure beautiful young French girls to go to Persia and become inmates of his harem. Since his departure the police have been besieged by the relatives of an unusually large number of young girls who have disappeared. What makes the affair even more sensational is that two girls in their confessions are said to have implicated several very high French officials and leaders of society, who, they say, were paid a commission by the Shah for every girl they procured for his harem.

George Cobarth, the Germantown blacksmith, who is charged with a criminal assault upon Miss Rosa L. Holly, of Washington, at Germantown, about two weeks ago, was, at a hearing at Rockville, Md., yesterday, before Justice of the Peace Joseph Beading, committed to jail without bail to await the action of court at the November term. The testimony was conflicting. Miss Mansfield denied Miss Holly's statement. Dr. Simpers said she was suffering from acute alcoholism. Miss Holly said she remembered nothing while in Cobarth's company. A witness stated he heard her ask the defendant for money.

Riot at Baseball Game.

A riot, in which several people were injured, occurred yesterday afternoon at a ball game in Cumberland, Md., between the Cumberland and Frostburg teams. At least 500 people were mixed up in the affair, which was quelled only by the arrival of a squad of police.

The trouble started when President Dillon, of the Frosburg team, incensed at a decision of Umpire Carl Hines, which permitted Tate, of Cumberland, to score, rushed on the diamond, and, it is alleged, struck at Hines. He was followed by his sons, Aden and Charles Dillon, which was a signal for an army of rooters to rush on the field.

Chris Himmler injured his hand so badly by a blow that an operation removing a section of bone will have to be performed. Himmler was struck over the head with a baseball bat and bottles were hurled at him, but he was not hurt much except the injury to his hand. This threatening demonstration toward Himmler caused him to fight right and left, and three men were knocked down inside ten seconds. Himmler says he went in as peacemaker until attacked himself.

A butcher from Frostburg named Engel was laid out by a stomach blow. There were at least twenty knock-downs. Several Cumberland men received cut faces or black eyes, but the worst inujry was done to the Frostburg contingent. A number of arrests will be made. There were about 3,000 spectators, including 300 or 400 ladies. There has been bad feeling between Cumberland and Frostburg for years.

The Police Force.

A reorganization of the Police Force will be of more service to the city than lookers, desk phones, chief's room, bath tubs, etc. Judging from the newspaper reports of the conduct of some policemen some one in authority should get busy and act. Last Saturday a slick darkey prisoner juggled with a stationkeeper long enough to induce the latter to allow him to walk out of the cell for an airing. Watching his opportunity the darkey made a break for freedom; the officer pursued him, but the darkey being light on his feet soon left the officer long in the rear. The writer suggests that a gymnasium be added to the improvements so that officers who are carrying superfluous flesh can have a chance to reduce their weight and make them better sprinters. XX

There is a strong probability that Senator Martin will become ranking democratic member of the Senate Committee on Commerce when his next term begins. This would make him one of the conferees on all disputed legislation between the Senate and House relative to rivers and harbors and gives him exceptional opportunities to insist on appropriations affecting his own State.

James Edward Dennett died yesterday morning from a dose of laudanum, which he took with suicidal intent the evening before. He was a citizen of McGaheysville, in Shenandoah county, and had just returned from a trip to Harrisonburg, where he had purchased a suit of clothes. This was increased lately by a disappointment in a love affair.

Scott, of Lynchburg, was shot in a mysterious manner and now lies at the St. Andrew's Home in a precarious condition, with only slight chances for recovery. The bail is thought to have been fired from the top of a cliff on the southern side of the river, but by whom or whether by intent or accident has not been ascertained, though it is generally believed that the ball was not intended for its young victim. The boy is about 13 years of age. The ball penetrated his right lung.

Disorderly Negroes.

A negro who gave the name of W. M. Minor, of Washington, D. C., and described himself as an officer of Washington Patriarchs, No. 18, was fined $50 in the Richmond Police Court yesterday morning for drunkenness, disorder, and resisting an officer last Sunday. Minor came down with a negro excursion, which passed through Richmond on its way from Washington to Hampton. Before reaching Richmond Conductor Trice heard several negroes declare that they would show the white Virginians how negroes should be treated. He telegraphed ahead that Richmond had better send policemen to the station, as many of the negroes were drunk and in an ugly mood. A platoon of police was, therefore, on hand, and captured ten drunken negroes. Minor, who was covered with regalia, is alleged to have advised the negroes not to submit to arrest. He showed fight himself, but was beaten into submission. The other negroes were fined $5 apiece, and Minor ten times that sum. He telegraphed for money to get him out of jail.

Dear Sir: But few of the men who sell the hundred different paints in the market know much about them. All Devoe agents have a state chemist's certificate telling just what it's made of; they know a good deal, not only about Devoe but the rest; we see that they do. We buy every paint, that has any sale, and analyze it. Our agent finds out all about it.

When we know what a paint is made of, we know how it will act; we know how far it goes, and how long it wears.

Devoe is the standard; call it 100. The best of the rest is about 75; the worst about 25; the rest are between.

But the men, who sell them, don't know any better. They know what the maker tells them. That is; they know that he tells them. They don't know whether he tells them the truth or not.

The business is not conducted on knowledge; the less they know, the more comfort, able they are.

Yours truly,

Signing of the Peace Treaty.

Portsmouth, N. H., Sept 5.—The simple ceremony of signing the peace treaty between Japan and Russia will take place at 3 o'clock this afternoon. The conference hall in the navy yard, which has been the scene of the memorable diplomatic battle which has lasted almost four weeks, will be the place where the plenipotentiaries of the two empires will affix their signatures to the document, which is to end the bloodiest war of modern times, bid each other farewell, and adjourn sine die.

After the protocol has been approved, and signed, the final engrossed copies of the treaty must be read and compared. This will all take time, and the actual signing of the treaty will, therefore, probably not take place until after four o'clock this afternoon. There are four copies in English and two in French, all of which are to be signed. Quill pens have been provided by Secretary Peirce for the purpose.

The Japanese will return at once to the hotel to complete preparations for departure tomorrow morning. The Russian party will also leave for New York tomorrow morning, traveling by a special train placed at their disposal by J. P. Morgan. After the signing of the treaty this morning they will go to Christ Episcopal Church at Portsmouth, where they will celebrate a special thanksgiving service to commemorate the conclusion of peace. It will be the first of its kind ever held in this country.

The Japanese envoys last night for the first time broke away from the seclusion which has surrounded them since they arrived here and formally received the guests of the hotel in the large ball room.

Russia and Germany.

Birmingham, Eng., Sept. 5.—The Post today states that information has reached the foreign office from two different sources to the effect that a secret treaty is in cousue of negotiation, if one has not already been signed, between Russia and Germany. Only the most meagre particulars can be learned in regard to this treaty, but all the facts which have developed go to show that the agreement is most significant. The treaty, it is stated, refers solely to the situation in the far East, and it may be regarded as an answer to the treaty between England and Japan, which was recently ratified. The Post takes the ground that it would not be surprising if "explosive" developments should follow as the result of this new secret agreement, especially in view of the opening which is offered for argument afforded by the Yang-Tse agreement of 1899 between Germany and Great Britain. It is expected that Germany will soon show some activity in the Yang-Tse region, which may bring matters to a head.

Railroad Wreck.

Denver, Col., Sept. 5.—The second of the westbound passenger train No. 13, on the Burlington route, was wrecked early this morning near Brush, Colorado, 74 miles east of Denver. Three persons, the porter, the cook and a passenger, were killed outright and 15 injured. Later details of the wreck show that a freight train ran into the second section of the the passenger, the rear of which was a special car carrying a party of eastern capitalists under the guidance of Col. R. L. Duval, of the Red Mountain Mining Company. They left Philadelphia Saturday bound for Colorado in the private car Rainbow. Ahead of the Rainbow was a chair car and two Pullmans, all of which were ditched. About 15 people in them were injured. Those in the car ahead of the special seemed to have sustain the brunt of the shock.

Attempt to Lynch Murderer.

Butte, Mont., Sept. 5.—More than one hundred men early this morning made a determined but unsuccessful attempt to lynch James F. Barnes, who Sunday night shot and killed Patrick Hanley, as the result of a slight argument. The jail was taken by storm, the would-be lynchers commanding the broad stairway leading to the door of the court house. With drawn pistols they fired over the heads of the crowd and the police who attempted to enter. Inside a mob battered at the big steel doors, but without effect. In the upper corridors were stationed a number of deputy sheriffs with revolvers, and this tended to hold the angry crowd back. The mob finally sent for dynamite, but those dispatched on the errand failed to return promptly, and the ring leaders abandoned the attempt and were persuaded by the police to disperse.

Armenians and Tartars Fight.

London, Sept. 5.—The Exchange Telegraph Company has received a dispatch from St. Petersburg, which says that the whole Caucasus has become involved in a desperate struggle between Armenians and Tartars. The latter are openly supported by the police. Severe fighting has occurred at several points. At Baku, where the fighting has been in progress intermittently since September 2, the casualties are said to reach into the hundreds. The troops there have frequently been made the victims of attack by Armenian employes of the street railroads, according to other reports which have reached here. The authorities throughout the districts where the trouble has occurred, are inactive.

Impending Famine.

London, Sept. 5.—The correspondent of the Exchange Telegraph Company, at Lahore, India, telegraphs that as a consequence of the terrible drought which has prevailed throughout India, the Indian government recognizes the fact that a famine is sure to follow, and is already making preparations to meet conditions which will arise when the supply of food begins to shrink. These preparations are being made on an elaborate scale, and are being pushed rapidly. Everything possible is being done to afford relief to the people when the famine comes.

The Field-Caton Wedding.

London, Sept. 5.—The wedding of Marshall Field, the millionaire merchant of Chicago, and Mrs. Delia Spencer Caton, of Chicago, took place at noon today at St. Margaret's, Westminister. The wedding was a very quiet affair, being conducted in the presence of only about twenty guests. Ambassador and Mrs. Whitelaw Reid and other members of the embassy, including Secretary Ridgeley Carter, with relatives of the contracting parties made up the small party which witnessed the ceremony. Canon Henson officiated. The bride wore a handsome gown of French gray crepe de chene and carried a bouquet of mauve orchids. Her ornaments were a brooch of pearls and diamonds and huge pearl ear rings. Mr. Field wore a tiny American flag in his button hole. The bride was unattended and was given away by her brother-in-law, Mr. Augustus Eddy, of Chicago. Marshall Field, son of the groom, acted as best man. Only the usual decorations of the church were used, consisting of two beautiful lily plants, standing on either side of the altar. There was no singing by the choir but the organ was played during the ceremony. After the ceremony the wedding party signed the register, and then went to Claridge's where a small wedding breakfast was served.

China and Japan.

Berlin, Sept. 5.—The Freisininge Zeitung is authority for the declaration that a secret treaty between Japan and China was concluded simultaneously with the signing of the Anglo-Japanese treaty. By this agreement China undertakes to maintain an efficient standing army of 400,000 men and this army will be increased annually by the addition of 50,000 soldiers. China will bear the entire cost of supporting this army, but Japan will furnish the necessary officers to command the troops, thereby guaranteeing that they shall be kept up to a proper standard of efficiency. China also promises to maintain a proportionate number of army reservists which will be organized by Japan. The Zeitung, after giving the terms of this secret treaty, remarks that it gives Japan absolute control of the Chinese empire and transforms the Mikado into a world's dictator.

Accident to Trolley Car.

Charlton, Mass. Sept. 5.—While an orchestra played a merry tune and the voices of 25 happy young people were raised in song, a special car on the Worcester and Southbridge street railway jumped the track here early today, and plunged down a steep embankment, killing Miss Grace Nelson, a society belle and noted amateur actress, and injuring about twenty other passengers. The accident was the result of an attempt to make record time on the run from Charlton to Worcester. Going at almost express train speed, the big car leaped off the track at a tangent, crashed down the rocky embankment, turning over as it fell, and dashed itself to splinters at the bottom.

Four Persons Drowned.

Panic-stricken at the flash of flames when a lighted match was carelessly thrown into some gasoline on the bottom of the launch Ben Hur Sunday night at the St. Clair flats, Detroit, Mich., a number of the 30 passengers on the launch jumped overboard. Four of them were drowned. The launch was carrying a party of people to the hotels, near Algonac, from a dance at Joe Bedore's Hotel. According to the owner of the launch, one of the passengers, who had been drinking, kicked open a cock on the engine, which permitted a quantity of gasoline to flow out on the floor, and then, after lighting a cigar, carelessly threw his match into the gasoline. The fire caused a panic instantly among the passengers, a number of whom jumped overboard. All but four were rescured by the Ben Hur and other small craft that hurried to the scene. The fire was quickly extinguished and the launch was damaged but little.

Death of Mr. McLean.

The many friends and acquaintances of Mr. Donald McLean, who had during the past few days been anxious concerning his condition, were startled early last night when they learned that his case was hopeless and that he was, in fact, dying. He had gone to the Alexandria Hospital about ten days ago critically ill, suffering, it was believed, from appendicitis, a trouble from which he had recovered over a year ago. The disease returned while Mr. McLean was at Marshall, Fauquier county, to which place he had been transfered from Kernstown, Frederick county. While he had received the best medical treatment, his condition, serious from the first, showed no real improvement, although there were some fluctuations. Yesterday morning he seemed to be in a state to encourage his friends, but as the day waned a noticeable change set in. It then became evident that his death was but a matter of a few hours. He lingered until 10:05 o'clock when the end came.

The deceased was the youngest son of the late Anthony McLean, and was a well-known and popular citizen. He was 56 years old. In early life he engaged in business in this city with Mr. George Uhler, and the firm of McLean & Uhler was for years well-known hereabouts. Later he purchased a farm in lower Fairfax, on which he lived for some time, but subsequently he returned to Alexandria. During President Cleveland's second administration he was appointed inspector and gauger in the United States Internal Revenue Service and during the greater part of each year Mr. McLean was located at the Mahoneyville distillery, near this city, but from time to time was sent to Kernstown. Several months ago he was ordered to Kernstown, and later was transferred to Marshall.

The deceased was a member of St. Paul's Church, Alexandria-Washington Lodge of Masons, Alexandria Lodge of Elks, and the Royal Arcanum.

This is the eighth visit of the silent reaper into the family of the deceased in comparatively recent years. Malcolm McLean, his brother, was stricken with apoplexy in the street, and died at his home a few hours later. Anthony McLean, the father of the family, followed, and before Time had blunted the edge of these afflictions three of the children of the subject of this notice died within a short time. His wife was the next victim and then the latter's sister. With the death of Mr. McLean but one representative of his immediate family is left—Douglass—his little son, twelve years old, now bereft of father, mother, brothers and sisters.

Mr. McLean was of a genial and generous disposition and made many friends at home and wherever he went. To those friends he was loyal to a fault and by them he will be genuinely missed. In his early manhood he became a Mason and had occupied important positions in the Blue Lodge, Chapter and Commandery. In conformity with a wish which he had frequently expressed, his remains were this evening taken to Alexandria-Washington Lodge rooms where they will rest till tomorrow evening, when they will be taken to St. Paul's Church, the church to which all of his people had long been connected, when the funeral services will be held. The interment will be in the family lot in St. Paul's Cemetery.

Sad Death.

Swallowing unsuspectingly a teaspoonful of deadly lysol, which she mistook for paregoric, Mrs. Carmen D. Sullivan died in horrible agony on Sunday, August 27, at her home in Oakland, Cal. The tragic occurrence took place shortly after one o'clock, while the family were at dinner. Mrs. Sullivan arose from the table and going to a medicine chest in an adjoining room, took from it a small bottle which she thought contained paregoric. She poured out a teaspoonful saying she was not feeling well. No one paid much attention to the act, until a shriek of agony warned them that something terrible had happened. Mr. Sullivan rushed from the room and caught his wife just as she fell, writhing in agony. Every aid possible was rendered, but Mrs. Sullivan was dead in 15 minutes. Both the bottles, the one containing lysol and the one containing paregoric, were side by side on the shelf. They were of the same size, and their contents the same color. The bottle containing the poison was labeled as such, but Mrs. Sullivan picked up the wrong one without noticeing her mistake. Mrs. Sullivan was the only daughter of Judge W. L. Bradford, a well-known lawyer of San Francisco, and was, herself, a notary public of the same city. She was married 18 months ago to Mr. Charles Witmer Sullivan, formerly of this city.

River Notes.

The steamer Pocahontas, which has been used as a Potomac excursion boat during the summer, left this morning for Norfolk.

The tugboat George W. Pride, Captain Walter Posey, towed the three-masted schooner Charles Sprague to Washington yesterday. The Pride also brought up a house boat which had been at Colonial Beach during the summer.

The barge Lilly of the West, loaded with lumber by H. K. Field & Co., has left for Fort Hunt.

The tugboat George W. Pride, and the yachts India and Augusta are to be hauled out on the railway for repairs.

Drowned.

An unidentified man about 30 years old, supposed to be Edward D. Ball, who lived near Thirteenth, and M, streets, northwest Washington accidently fell into the Potomac river, near the foot of Jefferson street, late yesterday afternoon and was drowned. The man was fishing from the wharf of the Columbia Sand Company when the accident occurred, and no person was near enough to lend him aid. The body was recovered.

Mr. John Travers fell at his home on south Henry street last night and broke one of his fingers.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

William Marshall, colored, arrested by Officer Patterson for drunken and indecent conduct on the street, was fined $5.

William Dudley, arrested by Lieutenant Smith and Officer Roberts on suspicion of taking $5 from the person of George Elmore, was dismissed.

Edward Travers, arrested by Officer Patterson charged with using abusive language toward Agnes Hansborough, was fined $2.

Lucien Bell and Minor Coleman, both colored, arrested by Officers Patterson and Mayhugh charged with disorderly conduct and fighting, were fined $5.

Sarah Alexander and Annie Freeman, both colored, arrested by Officers Knight and Arlington charged with disorderly conduct, were dismissed.

William Pye, arrested by Officer Bell charged with disorderly conduct and fighting, was dismissed.

William Evans, arrested by Officer Beach charged with fighting, was fined $5.

Evans Brooks and William Lightfoot, arrested by Officer Smith charged with maintaining nuisances on their premises, were dismissed.

A Pleasant Birthday.

The Havana "The Luca" says: "A quiet little dinner party was held last night in the spacious and airy dining room of Dona Pilar at the Miramar Hotel. The occasion was the birthday party of the manager of the R. G. Dunn Company in this city, Mr. J. Ellis Norris. An excellent and elaborate menu was prepared with the choicest of wines served with every course, and, with the extra thoughtfulness of the host, special Chinese delicacies of the Flowery Kingdom for the distinguished foreigners. The table was artistically decorated with choice cut American Beauty roses and other flowers, and the service, which was especially looked after by Dona Pilar herself, could not have been surpassed. The wife of the Chinese Minister was gowned in an elaborately embroidered white Chinese creation. Mrs. Harry Lee Marshall, another of the guests, was also beautifully gowned.

During the evening the music of the Municipal Band floated in through the windows and served as a delightful accompaniment to the delicious repast.

Mr. Norris's guests were the Chinese Minister and his wife, Hon. Liao Ngantow. Mr. Chung, first Secretary of the Chinese Legation; Mr. and Mrs. Harry Lee Marshall and Mr. R. D. Washburn.

Mr. Norris is a native of this city and has many friends here who will be glad to learn how well he is succeeding in Havana.

Confederate Veterans.

The regular monthly meeting of R. E. Lee Camp, Confederate Veterans, was held at their hall last night, Commander John M. Johnson presiding. A communication from the Garland-Rodes Camp, of Lynchburg, in reference to the genuineness of two pay rolls (which were enclosed) signed by two members of the Seventeenth Virginia infantry, was read and the rolls found to be genuine. The election of delegates to the Grand Camps, which will hold its meeting at Petersburg, Va., during the last week in October, will take place at the next meeting. But little business of importance was transacted.

Fire.

At 11:45 o'clock last night a frame house occupied by colored people in the square bounded by Wolfe, Wilkes, Alfred and Patrick streets was found to be burning. The whistles of several locomotives at the Southern Railway depot sounded an alarm and a few minutes later the department was on the ground and at work. The fire was under the roof of the house and it was soon extinguished The damage was slight. Considerable excitement was caused in the neighborhood by the alarm whistles. All the houses in the block are of wood, and had the flames gained headway serious results would have followed.

Struck by a Locomotive.

Mr. Peter W. Simpson, flagman at the intersection of King and Henry streets, stepped in front of a moving engine at 4.40 o'clock yesterday afternoon. He was struck by the pilot of the locomotive and thrown to one side. People who witnessed the accident ran to him, supposing that he had been killed or seriously hurt, but they soon saw that he had escaped with comparatively slight injury. He was removed to the Alexandria Hospital, where he was attended by Dr. William M. Smith.

Fined Twenty Dollars,

Some excitement was caused on south Fayette street last night by the blowing of police whistles and the running to and fro of people. It was soon learned that a man had assaulted his wife, and later Officer Beach appeared and took the accused in custody. He was brought before the Police Court this morning when Justice Caton fined him $20.

[Judge C. E. Nicol presiding.]

The time of the court was occupied today in hearing the case of Miss Annie Murtaugh, of West End, vs. the W., A. & Mt. V. Ry., a suit for $5,000 damages for personal injuries alleged to have been sustained in the collision on that road just west of this city, on the evening of March 1st last.

Hospital Notes.

LOCAL BREVITIES.

The Lady Maccabees will hold a meeting tonight at their hall on north Columbus street, at which time business of interest to all the members will be brought up for consideration.

Beginning with next Sunday, high mass will be again celebrated in St. Mary's Church when the male choir, recently organized, will sing for the first time. The choir will be under the direction of Prof. Wells, of Washington.

Charles Harris, the aged negro, who was shot in the back early Sunday morning by an unknown negro while they were riding together in the former's wagon in Fairfax county, is still alive, but the physicians at the Emergency Hospital in Washington, where he was taken, can hold out no hopes that he will recover. The Washington police have been looking for the man who did the shooting.

Henry Beverly, colored, 22 years old, of Jackson City, Alexandria county, is at the Emergency Hospital in Washington, the result of a peculiar accident. While sitting on the cabin of a house-boat on the Potomac river yesterday morning a shotgun, which was being cleaned by Richard Smith, who was in the cabin, was accidentally discharged, the shot going through the thin roof of the cabin and entering the lower part of Beverly's body. Physicians at the hospital say that the wounds caused by the shot and the splinters from the roof are of a serious nature and that Beverly may not recover.

TUESDAY EVENING, SEP. 5, 1905.

Strange Coincidences.

Mrs. William Gerrity, of Brooklyn, started from Captain Harkins' office in police headquarters yesterday afternoon for Allentown, Pa., to recover the body of her eldest son William, aged 15 years, who was buried in the common cemetery at Allentown early in May last in the grave of the unknown.

The boy was killed by falling between the platforms of a special train that was carrying Barnum & Bailey's circus from Allentown to another place. The little fellow had been a hanger-on of the circus. Mrs. Gerrity had had a strange portent that her boy had been killed on a train, for she had dreamed of the tragedy coincidentally with her husband, but the details of the dreams had been different. She had dreamed that he had fallen from a train and that his leg had been crushed and that he had died while doctors were amputating his shattered limb.

The queerest psychic feature of the case was that on the morning that William met his death (and there is no doubt as to his identity, and that he was killed early on Sunday, May 7) Mrs. Gerrity had spent a terrible night. She could not sleep, she was worried by unaccountable fears of some horror, and in the morning she was in such a case of collapse that her husband, a housesmith by occupation, called in a doctor. All day that Sunday and while her boy's body was lying mangled in a morgue in Allentown she suffered agonies that have never come to her since, and for days afterward she did not recover.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead. of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

Cause of Insomnia.
